new rod license if you haven't yet
arranged it**

Report -Week beginning March 20th 2017

This week the lake has been fishing really well, plenty of big fish are showing and browns are starting to move, quite a few anglers have been bagging up and have been rewarded with some cracking fish Nick Jones caught a lovely 6lb 12oz rainbow on a yellow hothead fritz, Jeff Hughes caught a cracking 13lb 14oz rainbow on a goldhead damsel and his friend Anthony Jordan also caught a cracking 12lb 10oz rainbow on a hothead damsel and Tom Aplin caught a superb 9lb 13oz rainbow on a black fritz. As the water temperature increases the lake has lost its winter coat and is springing in to life at this fantastic time of year for fly fishing, the trout in the lake feed much different this time of the year as there is much more fly life hatching so try fishing buzzers, hares ears, pheasant tail nymphs, damsel nymphs and perhaps a grey duster on the warmer days through the spring. More big fish are being stocked so give it a go in the great months ahead.

Glenn Evans caught this cracking 11lb 11oz rainbow on a damsel with blue flash

Nick Jones caught this superb 6lb 12oz rainbow on a yellow hothead fritz

Jeff Hughes caught this cracking 13lb 14oz rainbow on a goldhead

Anthony Jordan caught this cracking 12lb 10oz rainbow on a hothead damsel
