Report Week Beginning April 10th 2017

This week at the fishery we have had very warm temperatures and it almost feels like summer with some days reaching 21 degrees, various flys are working at the moment from buzzers damsels and sedges. Martin Morgan caught a cracking 10lb 13oz rainbow on a olive goldhead fritz and Nigel Doubler caught a brownie weighing approximately 9-10lb in weight which was safely returned. Since Tuesday it has turned a little colder.

We will be open on Good Friday and also on Bank Holiday Monday.
